

# Police man alleges Partney tried to fix DUI

By Jack C. Ventimiglia  
Executive editor

GRANITE CITY — Another dimension to the Police Department controversy is revealed in Patrolman Mike Murgie's report of events on April 17, Von Dee Cruse said Friday.

Released by City Attorney Mark Goldenberg, the report describes an alleged meeting between Murgie and 4th Ward Alderman Dan Partney. In the police report, Murgie alleges Partney wanted to fix a ticket involving District 9 School Board member David Partney, Dan's brother. David Partney, accused April 17 of driving under the influence of alcohol, was convicted June 18.

In his April 20 report Murgie wrote: "Dan then said he wanted me to call (Patrolman Tim) Lyerla and (Patrolman Walter) Milton and inform them that if the ticket was pulled and the matter dropped before it hit the Press that the matter would be dropped by them ... Dan then told me to advise Milton that if the matter was not dropped, that they were going to bring a major shake-up to the police department."

"Dan went on the say that he had documented evidence and statements, as well as witnesses to incidents that off-duty officers had been involved in at Charlie's as well as other places, and that the matters as always (had) been whitewashed. Dan further said that he didn't want to do this, because it was going to affect a lot of people, with some of them being friends of his."

"Dan also said that when it was all over besides a major shake-up and shame brought onto our department, that starting with the Chief on down that a few people would be out of a job. I now told Dan that I still didn't feel that the officers would drop the ticket."

Murgie's report was released to show why Assistant City Attorney John Hopkins talked with Murgie, Goldenberg said. Partney had alleged Hopkins talked with Murgie with the intention of getting Murgie to bring assault charges against Partney.

"We need to let the public see the current allegations against the Police Department in the proper perspective," Goldenberg said.

Partney called the report an attack meant to discredit him.

"I think this is an indication of the kind of ethical standards the city administration has ... I think they will go to any means to try to assassinate my character," Partney said. "And I will be more than happy, given the proper occasion, to

prove that police report is some more of their slanderous and political intentions against myself."

In seeking an investigation of the Police Department, Partney alleged Hopkins wanted to "get" him, a statement allegedly made by Hopkins to Murgie.

There's no proof it happened, Goldenberg said, but the allegation is among several the Division of Criminal Investigation was asked to investigate by State's Attorney Dick Allen following a meeting with Partney on Thursday.

In making the allegation against Hopkins, Partney wrote: "FACT: John Hopkins made promises to a Granite City Police Officer (which he said came down from the Mayor) if this Granite City Police Officer would do what they wanted him to do, in order to discredit Dan Partney."

Hopkins confirmed Friday that he met with Murgie to discuss the patrolman's report. Murgie was told that if he wanted to file a complaint against Partney for assault, then the city would give Murgie legal support. There were no other promises, Hopkins said.

Murgie could not be reached for comment Friday evening. Police Department policy does not allow patrolmen to discuss investigations.

Murgie didn't press charges because there wasn't anything to the report, Partney said.

Goldenberg doubted that the DCI would investigate three of Partney's five charges. They won't deal with allegations that do not involve criminal activity, Goldenberg said.

Due to an agreement made at the meeting, Goldenberg would not discuss what Partney presented in the discussion with Allen.

"There is no evidence that three of the allegations contain criminal activities," Goldenberg said.

Goldenberg said his office will investigate non-criminal behavior, but he said the allegation against Hopkins hasn't been supported by evidence.

Partney's five allegations involve questions about the department's internal investigation of David Partney's DUI arrest; "excessive drinking" by department members; "sexual misconduct and sexual harassment" by a policeman, in one case involving a 16-year-old girl; drug dealing by Police Department members; and that Hopkins wanted to "get" Partney for political reasons.

"These are allegations which, if the DCI thinks them criminal, they will investigate," Cruse said. "Concerning an allegation which the DCI finds not

IN HAPPIER TIMES: Prior to the allegations made against members of the department, officers gather at City Hall for a photo.

criminal in nature, I will lead and direct and internal investigation to evaluate what, if any, facts can be presented."

Police Chief Bill Harris, named Friday by the Belleville News-Democrat as being among those mentioned in Partney's allegations, was obviously

disturbed by the report, but said, "I do welcome the investigation."

"There are things that the DCI should be looking into," Cruse said. "If they find something, there will be prosecution. In the meantime, it shouldn't be tried in the media."

## New trial on DUI sought by Partney

By Dave Gosnell  
Staff writer

GRANITE CITY — School Board member David Partney on Friday requested a new trial in Madison County for his conviction last month for driving under the influence of alcohol.

Partney was convicted for DUI by a Madison County jury after claiming he was not drunk. He said he was set up for the April 17 arrest by two patrolmen for political reasons.

The jury ruled that Partney was guilty of DUI. Partney said he will claim that expert testimony was not allowed as evidence in his June 16 trial. He said the expert witnesses will present technical evidence about body weight and alcohol consumption if there is a new trial.

## Prosecutor asks that license not be used while case continues

appellate prosecutor has filed a motion in the Fifth Appellate Court District in Mt. Vernon to set aside a stay of Partney's driver's license suspension.

After hearing Partney's appeal in Madison County on whether Granite City Patrolman Tim Lyerla had probable cause to stop Partney the night Partney was arrested, Associate Judge Edward Ferguson stayed an automatic suspension of Partney's license.

Though Ferguson ruled that

Lyerla had probable cause, Ferguson lifted Partney's suspension pending Partney's appeal to the appellate court of the probable cause ruling.

The Illinois secretary of state's office issued a statement that said Ferguson's stay was "phased" and "registered" Partney's license as being suspended until Madison County Associate Judge Daniel Stack granted Partney an injunction against the secretary of state's office.

The appellate prosecutor has asked the appellate court to rule that Ferguson was not allowed to temporarily stay the license suspension under state law. Partney's attorney, Leon Scroggins, objected to the motion.

No court date has been set on Partney's probable cause appeal or the license suspension issue.

## Rail crossings improved

By Dave Gosnell  
Staff writer

GRANITE CITY — Many railroad crossings in the city will be made safer because of a number of improvements in the coming months.

Norfolk and Western Railway, in conjunction with the Illinois Commerce Commission, will install new and larger warning lights, a more sophisticated train sensing system and will remove some abandoned tracks.

Norfolk and Western will take advantage of the state's Grade Crossing Protection Fund. The state and the railroad will split the costs of the improvements.

Norfolk and Western initiated the improvements when the railroad decided to adopt a single track system on its Decatur to St. Louis run.

When the project is finished, trains traveling on most Norfolk and Western tracks will use a single track for both north and south directions, instead of the current double-track system. The

railroad will keep a double track in some areas where train spurs are necessary.

In other areas, including at crossings, the railroad will be required to remove the abandoned line and re-pave the approaches.

The single-track project will include the installation of "predictor type" warning sensors, said Bob Berry, an engineer for the ICC's railroad division.

The railroads are regulated by the ICC as a utility and all railroad projects must be approved by the commission.

The sensors will enable motorists to be more quickly warned of fast-moving trains. The sensors will turn on warning lights about 25 seconds before a train passes, regardless of the train's speed, Berry said.

Under the existing system, the train's speed determines how much time motorists are warned of a passing train. For example, a train traveling at 60 miles per hour will trip warning lights and enter a crossing sooner than a

train traveling at 25 mph.

The new system will take into account the train's speed and determine when the warning lights are turned on.

Berry said the new system will be made possible when the tracks are "continuously welded" instead of being laid in sections, as they are now.

At all crossings where tracks are removed, 12-inch warning lights will replace the 8½-inch lights now being used.

"This is a major safety improvement. You should be able to tell," Berry said.

The project will be done in three phases and is to be completed next year, according to an ICC order. Some construction has begun, said Berry.

Locations in this area where improvements are to be made include crossings at Maryville Road, Pontoon Road, 25th Street, 22nd Street, 20th Street and Bissel Avenue in Venice.

The ICC order for the project does not include crossing gates where there are none.

## Pollution clean-up delayed

By Dave Gosnell  
Staff writer

GRANITE CITY — Clean-up of a hazardous waste site here has been delayed.

A pollution study of a 25-acre waste pile, which stores materials containing hazardous lead, near the intersection of 15th and state streets was scheduled to be finished in June. But the study will not be completed until next year, said an Illinois Environmental Protection Agency official.

Ken Miller, of the IEPA's Lead Pollution Control Division in Springfield, said the company that is doing the study needed more time and was granted an extension.

The study will determine what actions to take in cleaning the area of lead pollution. Miller said preliminary tests have

shown that soil in nearby residential areas has been contaminated with lead from the waste pile.

The pile contains broken batteries and other material containing lead wastes. It was used by a company, formerly called National Lead, in recycling lead from waste products. The site is no longer used to dump waste from lead recycling.

National Lead, which is now called N.L. Industries, agreed with the state and federal EPA's in 1985 to finance a lead pollution and clean-up study of the area. Another company, Taracorp Lead Smelter, which bought the lead recycling facility from N.L. in 1979, was also part of the agreement.

The site will be cleaned using money from the federal Superfund. The fund was established in 1980 to help pay for cleaning

hazardous waste sites.

The study will examine the extent of pollution in ground and surface water, soil and air.

"They are really being cooperative. Something will be done to minimize the spread of the material," Miller said. A report is expected in January, he said.

Thirty six test wells have been set up throughout the waste site and in surrounding residential areas. There are wells as far south as 12th Street and as far north as 20th Street.

The wells will play an important part in determining the extent of the water pollution.

In a related matter, Miller said materials from the pile have been found in Venice.

It's been used as fill in a number of areas," in Venice, said Miller. He said the material was used as backfill for alleys.

ATHENA ANDERSON of Granite City received a certificate from Jim Edgar, secretary of state and state librarian, acknowledging receipt of a 1987-88 Illinois State Library Scholarship.

## Woman wins library scholarship

Athena Anderson of Granite City is one of 11 Illinois residents awarded the 1987-88 Illinois State Library Scholarships, which were announced July 7 by Jim Edgar, secretary of state and state librarian.

Each \$7,500 scholarship is for full-time study at an American Library Association accredited graduate library school in Illinois.

Edgar personally congratulated Athena and wish her every success in her studies and future career, Edgar said. "The Illinois State Library is pleased to assist in the education of those who share our high goals for libraries throughout Illinois."

Anderson, employed by the Granite City Public Library, is a

graduate of SIUE. Her special interest is in library services to children and young adults.

"We hope this scholarship program will serve as an incentive to attract other dedicated and qualified people to this important profession," Edgar said. "My office is committed to providing quality library service to the citizens of Illinois and this program reflects that commitment. Awarding scholarships to outstanding individuals is a recruitment measure to further ensure that Illinois libraries are distinguished by quality, professionalism and dedication."

The awards are based on a merit selection process comprising scholastic record, professional potential and an assessment

of commitment to the program. All scholarship recipients will be required to work two years in an Illinois public library upon graduation.

Others receiving the scholarships this year are: Leann Johnson, Goodfield; Donna Antonuk, Schiller Park; Iola Buggs, Chicago; Nena Burbank, Eureka; Laura Prizol, Rantoul; Kristy Kisler, Chicago; Eva Luckinbill, Oswego; Elena Rosenfeld, Rockford; Sharon Kula, Wilmington; and Karen Stott, Savannah. The recipients will each attend one of Illinois' four accredited library schools at the University of Illinois, Northern Illinois University, University of Chicago and Rosary College.

## Special story hour at main library July 20

Patricia C. McKissack, author and storyteller, will present a program in the children's room of the Granite City Public Library, 2601 Delmar Ave., at 2 p.m. Monday, July 20.

During the one-hour program, McKissack will tell stories and talk about creative writing.

All children ages 7-11 are invited to attend the program, which is part of the Madison County Arts Council Summer Artists Series.

McKissack, a resident of St. Louis, teaches creative writing at the University of Missouri at St. Louis and has written many children's books.

## Bicycle registration Friday, July 24

By Valerie Evenden  
Staff writer

Bicycle registration day throughout the Quad-City area will take place Friday, July 24, from noon until 5 p.m. at all area police departments.

All youngsters and adults who own bicycles are invited to take part.

The number of bicycle thefts are increasing, Granite City Patrolman Curt Walkenbach, community liaison officer, said Thursday. Sometimes bikes are difficult to identify or the owner cannot be found when they are

recovered, he said.

Youngsters bringing their bicycles to the Granite City, Venice, Pontoon Beach or Madison police departments Friday are also asked to provide the drivers license number of a parent.

The license number will be etched onto the bike, making the owner more easily traced in the event the bicycle is stolen and then recovered, Walkenbach said.

The event is being sponsored by the Crime Prevention and Awareness Committee of the Tri-Cities Area Chamber of Com-

merce. The committee is headed by Walter Milton, a Granite City alderman.

Committee members have volunteered to assist police officers during the registration. Also helping will be members of Madison Police Explorer Post 10-4, Milton said.

Parents are encouraged to accompany their children to the registration.

If a child is coming to a police department unescorted, parents are reminded to write down the drivers license number to be engraved on the bicycle.

## Dancers to perform

The Kahok Dancers, directed by Frank Accardi, will once again launch the Rediscover Cahokia special event, with 9 p.m. night-time performances Aug. 6, 7 and 8.

Featured dances will be the fire hoop dance and calumet or pipe dance.

From 11 a.m. to 4 p.m. Aug. 8 and 9, the Cahokia Mounds Museum Society will hold its annual Rediscover Cahokia program. Demonstrations will be given both days by master craftspersons in pottery, flintknapping, preparing animal hides and trapping.

The Chetaw Indians from Chucalissa Museum, Memphis, Tenn., and the Kahok Dancers, from Collinsville, will perform at 12:30 p.m. and 2:30 p.m. Indian storytelling sessions will be held at 11:30, 1:30 and 3:30, and bus tours of the site will be conducted by the Cahokia Mounds staff and volunteer guides. A spear-throwing contest will be held in the afternoon.

In addition, the Cahokia Mounds Volunteers will be making hands-on activity areas. This includes food processing, face painting, pottery making, demonstrating bone tools, flintknapping, demonstrating Indian games, fingerweaving, shell bead stringing and drilling.

Authentic Indian foods, such as roasted corn and rye bread, and modern American foods, such as hot dogs and soda, will be sold to help support the event.

Rediscover Cahokia is sponsored by the Cahokia Mounds Museum Society in cooperation with the Illinois Historic Preservation Agency, Cahokia Mounds State Historic Site and Cahokia Mounds Volunteer Organization.

For more information on the Calumet Performance or Rediscover Cahokia, call the Cahokia Mounds Museum at 344-5268. Cahokia Mounds State Historic Site is near Collinsville.

## Volunteers needed to raise funds

Volunteers are needed to help raise funds for children with cystic fibrosis by standing front of various locations for a few hours during Aug. 6, 7 and 8.

This event, "Shake Your Can for Cystic Fibrosis," is an annual event and generates information to the public, along with raising money to help find a cure for the No. 1 genetic killer of children and young adults in the United States.

If anyone is interested in helping, call the Cystic Fibrosis office, 721-2490.

### Illinois 3 accident

**OVERTURNED TANKER:** Mitchell firefighters check out an overturned tanker truck for leak near on-ramp of Interstate 270 at Illinois 3 Tuesday. The driver, Larry Dryden, 38, was injured in the mishap and was transported to St. Elizabeth Medical Center where he was in stable condition Thursday. He was ticketed for driving too fast for conditions which resulted in his truck rolling down an embankment.

### Man flees downtown courtroom

GRANITE CITY — A man wanted for probation violation escaped from a Granite City Hall courtroom Tuesday before being captured a few blocks away after a brief search.

Craig S. Towery, 18, of 2929 Pershing Blvd., had just appeared before Madison County Associate Judge Daniel Stack in courtroom 6B at about 2:22 p.m. when a Granite City officer accompanying Towery turned his back to talk to a court clerk. Towery then allegedly ran from

the building at 2000 Edison Ave. The prisoner was taken back to the Granite City station and charged with escape, criminal trespass and resisting arrest.

Bill Ogden of the Madison County Probation Department said Towery had been arrested Monday on a warrant for probation violation because he had allegedly violated his curfew and had failed to meet probation appointments. Towery had originally been charged with burglary.

### Venice police

#### Choking smoke, fumes cause complaints

Gerald Moss of Madison reported July 9 that noxious fumes and choking smoke from burning debris, allegedly originating from Belson Recycling Corp., was overwhelming some of his employees working at Collinsville Avenue and Market Street. Two employees became sick and were forced to leave the job site, he said.

A police officer said five piles of lumber and insulation materials were burning at the Belson yard, at the south end of Washington Avenue near Race Street, Venice.

Smoke and fumes were blowing in a northerly direction where Moss is developing housing units. Venice volunteer firefighters brought the burning debris under control, the officer said.

No Belson employees were at the scene of the fires. A complaint against the company was signed.

At 1:30 a.m. July 14, Police Cpl. James Bennett met with Venice Fire Chief Willie Dumas outside the Belson yard, where several boxcars were burning.

Entrances to the yard were blocked by large objects and a tractor-trailer truck was blocking another driveway, reports said. Firefighters were unable to get into the yard to extinguish the fires.

**Smoke alarm heard**  
Turan Davis, 507 Fillmore Ave., used a fire extinguisher to put out a kitchen fire at his home at 5:30 p.m. July 12.

Davis told police his children first heard a smoke detector sounding an alarm and then he saw a fire near the kitchen stove. The blaze caused damage to the stove, exhaust hood and other items near the stove, he said.

**Burglary reported**  
Mrs. Jewell Hampton, 150 N. Sixth St., Venice (Brooklyn), arrived home July 12 to find the front door open. An officer searched the house, but found no one inside.

Missing were a VCR and a 19-inch color television, valued at \$600. The burglar placed concrete blocks beneath a window to get inside the house.

## What kind of father lets his kid work for nickels & dimes?

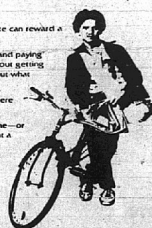

A father who realizes that a newspaper carrier route can reward a youngster with much more than spending money.

It can teach him the sweet satisfaction of self-reliance and paying his own way. It can teach a lot about people, about getting along with fellow workers, about bosses, and about what you owe customers and what they owe you.

It can teach pride, responsibility and hinging in there doing what has to be done and doing it right.

If you'd like this for your youngster, suggest that he—or she—call our circulation department and ask about a newspaper route.

Oh, and about the money. In this job the nickels and dimes very quickly add up to real dollars.

## Talking houses aren't haunted

GRANITE CITY — No, they're not haunted, but there are three houses in Granite City that actually talk.

Talking houses are the newest concept of marketing and selling homes, said David Stoll, general sales manager of ERA Heritage Real Estate.

Instead of talking with a salesman, people interested in the house for sale can stay in their car and learn details about the home by listening to their radio, he said.

A low-range transmitter is located inside the house, which broadcasts a continuous recorded message. Persons can listen

to the recording by pulling up in front of the home and tuning their car radios to 1190 AM, he said. A sign outside the house informs prospective buyers where to tune their radios.

The message is recorded at ERA's office, located in the Crossroads Plaza Shopping Center, by the agent handling the house, Stoll said. The recording is then taken to the house.

The presentation, which lasts about a minute, gives information about the house, such as its size, and gives a telephone number where customers can call to receive more information, Stoll said.

The three talking houses are located at 2425 Washington Ave., 2929 Dogwood Drive, and 39 Mike Drive in Arlington Heights.

The talking house concept was first used in this area in Belleville, Stoll said. They have been used locally for two weeks.

Stoll learned of the concept from real estate agents in other parts of the country. The concept has been used successfully on the West Coast, he said.

The demand for the transmitters is higher than the number of them available, Stoll said.

**HOUSES THAT TALK:** David Stoll, general sales manager for ERA Heritage Real Estate, tunes in his car radio to 1190 AM to listen to a recording giving basic facts and features of a home at 2929 Dogwood Drive. A sign on the front door of the house tells motorists what station to tune in for the information.

## Student workers must prove identity

Procedures for student employees to verify their identities and citizenship status have been announced by the Office of Student Work and Financial Assistant at SIUE.

SIUE is required to make the verifications under the 1986 Immigration Reform Control Act. The act became effective as of Nov. 6.

Students seeking on-campus employment now are required to complete federal Form I-9 prior to being referred for job interviews.

They should be prepared to

verify their identities with a state-issued driver's license or SIUE student identity card, and their employability with a social security card or certified copy of their birth certificate.

Visa-holding students who are not U.S. citizens must bring an I-9 form completed by the foreign student adviser to the Student Employment office prior to job referral.

Students hired on or after Nov. 6 and currently employed, should complete the I-9 form through arrangements with their hiring units.

## Prose written by Pope John Paul II to be made into film

For the first time, a reigning pope is going to get a screen credit. A love story penned by Pope John Paul II 27 years ago has been turned into a screenplay that is now being shot in Italy. It is called "The Goldsmith's Shop" and it tells the story of two young Polish couples in Krakow in 1899. The film is due for release on the Continent later this year.

Headliners include Burt Lancaster, Ben Cross and Olivia Hussey.

The Bad and the Beautiful: So far, 1987 has been a dandy year at the movies. Since we're at the midpoint, I thought I would check my review log and pick out what I think have been the best (and the worst) films I have seen in 1987. On the good

list we have (in no particular order) "Roxanne," "Full Metal Jacket," "Beverly Hills Cop II," "The Untouchables," "Platoon," "Radio Days," "The Decline of the American Empire," "94 Charing Cross Road," "Tin Men," "Raising Arizona," "Gardens of Stone," "The River's Edge" and "Outrageous Fortune." On the turkey list we have "Critical Condition," "From the Hip," "Over the Top," "Red Headed Stranger," "Heat," "Beyond Therapy," "The Munchies," "L.A. Law," "Walk Like a Man," "Ernest Goes To Camp," "Million Dollar Mystery" and "The Squeeze." If I missed some of yours, let me know.

Oscar is Moving: The Academy of Motion Picture Arts and

Sciences has voted to hold the next telecast of the Oscar awards at the Shrine Civic Auditorium in Los Angeles. It will be the first move of the show in 19 years. The academy has cited the fact 1986 was Oscar's 60th Anniversary as its motivation for changing to larger quarters. The Academy Awards will be handed out on Monday, April 11.

Concession on Concessions: We mentioned in last week's column that AMC President Stan Durwood ordered selected concession stand prices lowered in a test to see if that would spur sales, only to revoke the discounting a few days later. Well, stop the presses (and the popcorn-popper). It seems the raising of the prices was ordered by

a member of Durwood's staff, without his permission. So, the prices are back down and the man who overstepped his author-

ity in AMC's Kansas City corporate office is now taking tickets at a one-screen theater in Yuma, Ariz.

## WW II remembered at Fox Theater

Fox Theater's Monday Night at the Movies series July 27 will present the "Sands of Iwo Jima" and a USO-style show.

Free coffee and doughnuts will be given to the first 100 patrons who purchase tickets at the outside booth.

Organist Jack Jenkins will play a patriotic medley from 7 to 7:20 p.m. Movie-goers may come in 1940s attire or World War II uniform and parade on stage at 7:20 p.m.

The variety show will begin on stage at 7:30 p.m. The highlight of the show will be a Betty Grable Pin-Up Contest. Everyone who enters the contest will win a prize.

Tickets are available beginning at 10 a.m. July 27 at the

Fox box office, 327 N. Grand Blvd. Price is \$5.50 for adults, \$4.50 for citizens 60 years of age or older and \$3.50 for children 12 and under when accompanied by an adult.

Doors will open at 6 p.m. For more information call 454-9956 or 534-1111.

## Triplets suffer frustrating loss

By Dave Whaley  
Executive sports editor

**GRANITE CITY** — Some games just aren't meant to be won.

The Triplets looked to have something going in three different innings on Friday at Varsity Field. But misfortune always seemed to be nipping at their heels. Scott LeVault pitched a creditable game, but three first-inning runs were enough for Waterloo to squeeze out a 3-2 win in District 25 play.

The loss dropped Tri-City a game behind Edwardsville in the North Division standings on the loss side. They were 9-5 to Edwardsville's 11-4 heading into Saturday's action.

"We just couldn't get a break," said Triplet coach Tom Henrich, filling in for Gus Lignoul. "We had a couple of times when it looked like we were getting something going, but something had happened."

Frustrating was the operative word all evening. The fifth inning was the prime example. Tim Hogan lead off with a hit. On the hit-and-run, Jamie Hogan blooped one to shallow left. But shortstop Clay Moehrs went out to make the catch and double Tim off first. Todd Hinterser continued to swing a blazing bat by tripling — he's 8 for 9 in three games this week — for what would have been an RBI.

As it was, Adam Lignoul appeared to tie the game when he sent a bullet up the middle. Pitcher Dave Kossina — in self-defense more than anything — threw his glove up in front of

his face, knocked the ball down, gathered himself and threw Moad out by a step at first to end the inning.

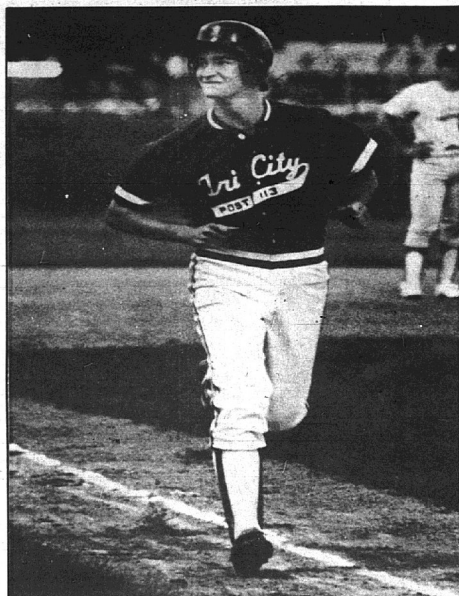

"He was trying to protect himself more than anything," Henrich said. "But he made another good play later on."

For the second straight game, the Triplets dug themselves a hole in the first inning. Greg Bosse singled and Moehrs doubled to start the game for Waterloo (11-4). Then Brad Riplemeyer walked after falling behind 0-2, although at least two of the balls from Scott LeVault were very close to the strike zone. T.J. Mathews' sacrifice fly scored one run. Brad Landgraf walked to refill the bases and Kossina's fly ball made it 2-0. Don Werth's single just off the glove of second baseman Darin Hendrickson scored the third run.

LeVault allowed only two hits the rest of the way and was aided by good defense. His closest call was in the fifth. Bosse walked, went to second on a balk and to third on a passed ball.

Moehrs then doubled past third. No! Hinterser, who is doing everything right, made a

## Optimists walk away with comeback win

By Gina Reynolds  
Correspondent

**GRANITE CITY** — It's often said baseball's a game of speed. Vince Coleman proves that to be true.

But for the Granite City Optimists, their 14-12 comeback win against Belleville on Thursday proved that good old walking can be as much fun as speed.

"We got a lot of walks that helped us," manager Paul Kacera said.

And help they did. It just took a while. Things didn't look good until the Optimists rallied for 10 runs in the sixth inning to wipe out an 11-4 deficit.

The game got off to a rough start for starting pitcher Mike Krausz, who gave up three runs on as many hits in the first. The Optimists countered with two runs in their half of the first and put another run on the board in the second.

After that, the Optimists' bats died while the Quax came to life.

Krausz was rocked for three runs in the fourth and after giving up a run in the fifth, he was lifted for Chad Lignoul.

"He (Krausz) wasn't on his game tonight," Kacera said. "He didn't have his stuff. He didn't have any zip on the ball."

Down 11-4 entering the bottom of the fifth, the Optimists didn't appear to have enough zip to come back. Belleville pitcher Tad Smith set them down in order in the inning, and not only were they down, but Granite City was almost out.

Lignoul repaid the Quax by setting them down in the sixth, and then the fun began. Jeff Kohler and John Van Bus-

kirk reached base on back-to-back walks and Troy Adamitis loaded the bases with a single. Two walks followed before Kory Burton hit into a run-scoring fielder's choice to make it 11-7.

Smith was replaced on the mound by first baseman Pat Conreux. But he couldn't do much better, giving up two more walks — and two more runs.

Belleville brought in shortstop Bernie Ysursa to pitch and hopefully get out of the inning. But that didn't work either.

Kohler reached base on a bunt single allowing Joe Wallace to score on a throwing error to tie the game at 11-11. Lignoul followed with a double to drive in the go-ahead run.

The Optimists were on a roll and weren't about to stop now. Adamitis ripped a triple for an insurance run and then scored when Chris Nolan's fly ball was dropped by right fielder Eric Calhoun.

The inning finally ended with 10 runs on Granite City's side of the scoreboard.

The Quax scored one run on one hit in the seventh, but that was all they could muster.

"It was a pretty exciting game," said Granite City coach Carl Benson. "We got some walks and key hits which helped. We executed things — like the bunt — which kind of broke the inning open."

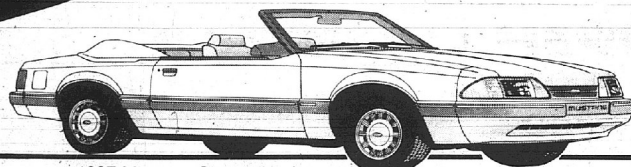

"We haven't been behind that much all year, but we got some clutch hits," Kacera said. "They've had to claw and scratch all year, but these kids don't give up."

The Optimists now post an 11-3 league record and are 16-5 overall.

## Cole resigns at Madison

By Dave Whaley  
Executive sports editor

Madison High School has a big hole in its girls athletic program.

The District 12 board accepted the resignation of Carol Cole at its July meeting on Thursday. Cole had been at Madison for 10 years and was the head coach of the girls volleyball, basketball and softball teams.

Cole is leaving to take a job teaching and coaching in the Ladue (St. Louis) School District. She resides in West County, and that was a big part of her decision.

"We're accepting applications right now," said Dan Kostencki, Madison superintendent of schools. "We will also take a look within the district for a replacement. It's too early to say right now, but there is a lot of responsibility to be filled because Carol coached three sports."

Although things have been a little rough the past two years, Cole's basketball teams achieved

## Region 8 teams move to semis

Southern Region teams continue to compete well in soccer at the 1987 Prairie State Games.

Three of the region's four teams advanced to semifinal play Saturday morning with winning efforts on Friday. The scholastic women blasted their way into the semis with a 5-0 win over Blue-Gray. Marta Mendoza of Granite City had two goals in the rout, while Angie Moore and Laura Goodman also scored. Kim Thompson of Collinsville had a pair of goals and Kathleen Elliott added two more. Mary Pat Leach and Jamie Castillas split time in goal to get the shut-out.

Moore got an assist in Southern's 2-2 tie with Blackhawk on Thursday. Leach and Thompson had the goals and Collinsville's Julie Corrie was in goal.

The open women also moved into the semifinals with a 3-0 win over North Shore. Laura James had two goals and Lori Schutzenhofer added a third. Laura Whetstone recorded the shutout for Ruben Mendoza's team. Whetstone also got the shutout in Thursday's 6-0 whitewashing of Blue-Gray. Dianne McCarthy had two goals in that game and Terry Schuler, Terry Schancker, James and Shelly Sarach also scored. James also scored in a 3-0 win over Blackhawk.

The open men's team also made it to the semifinals with a 4-0 win over Pioneer. Collins-

leaping, catch of the line drive and came down right on the third base bag for an unassisted double play.

Moad got in the unassisted double play act in the seventh on another aborted hit-and-run. With Mike McCarthy running, Tri-City called for a bunt. Bosse lunged across the plate and got his bat on the ball. But he popped it right to Moad at first and he only had to catch it and step on the bag to end the inning.

But the frustrations mounted offensively. Charlie Collins was robbed by right fielder Don Werth on a sliding catch to start the second. Naturally the next three — Hendrickson, Joe Wallace and LeVault — singled to fill the bases. But Chas Lagnou fanned and Tim Hogan popped to second base on a 3-2 pitch.

Even when Granite City scored, there was frustration. Hinterser was called out on strikes for the second out in the third and he bawled about the call. It cost them a run when Moad walked and Collins belted a homer over the fence in left field. Instead of a tie, it was only 3-2. That's the way it stayed.

After the frustrating fifth, Hendrickson hit a shot that was caught in center field by Bosse in the sixth. And LeVault's hot smash up the middle to start the seventh was fielded by Kossina, the MVP of the Clay State tournament when he pitched Colombia to the state title.

Tim-Hogan walked with two outs and with Jamie Hogan at the plate, the Triplets were close to getting the red-hot Hinterser to the plate in a game situation. But the frustrating evening ended on a fitting note when Hogan was out stealing on a disputed call at second.

"LeVault pitched a real good game for us," Henrich said. "He found himself after the first inning and shut them down. But their pitcher did well and they are a well-coached team. And we just couldn't get anything to go our way when we needed it."

NOTES: After the game at Alton today, the Triplets will make up their game with O'Fallon tonight at Varsity Field. Then, Hinterser will pitch against Fairview Heights at home Monday at 6 p.m. Hendrickson will be ready because Fairview has most of the players who knocked him and the Warriors' out of post-season play in the sectional final. The Triplets then travel to Edwardsville for a game that should go a long way in deciding the North Division champion at 5 p.m. on Tuesday.

a fair amount of success in the early part of the decade. They won five regional championships in a row.

"She had a lot of talent to work with and did a good job with them," Kossnick said. "Unfortunately, we could never get over the hump, and go further in the playoffs."

Cole turned in her resignation July 1, but the board could not act on it until Thursday's meeting.

"We would like to do something as soon as possible," Kossnick said. "We hope to have something to act on at our first meeting in August. We will need a volleyball coach for the fall season."

Cole also taught physical education at the high school and also at Madison Middle School.
